

STITCH  PEOPLE

Do-It-Yourself Family Portraits

FREE SAN DIEGO PINNERS PATTERN

THANKS FOR JOINING US AT PINNERS!

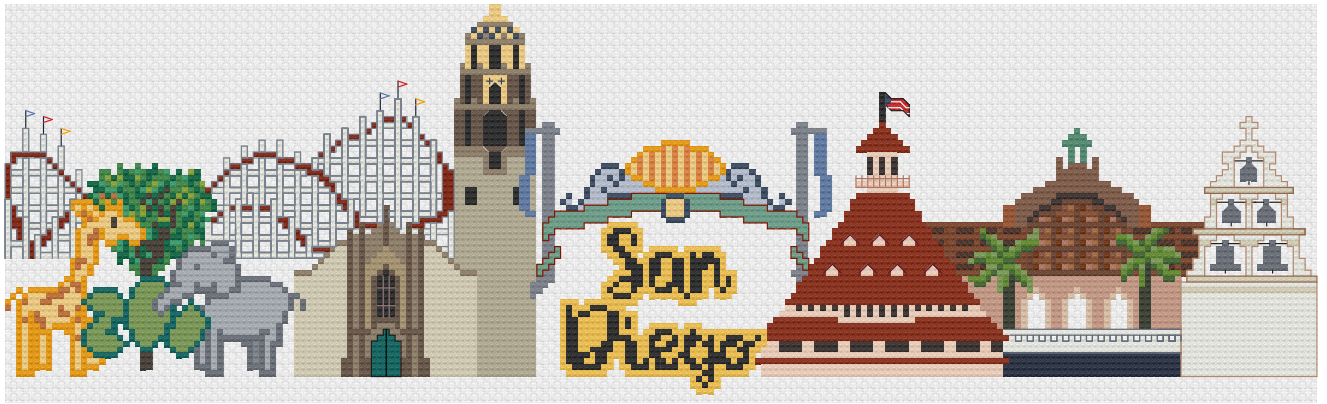

Hello, new friend! Please enjoy this free pattern created just for you.

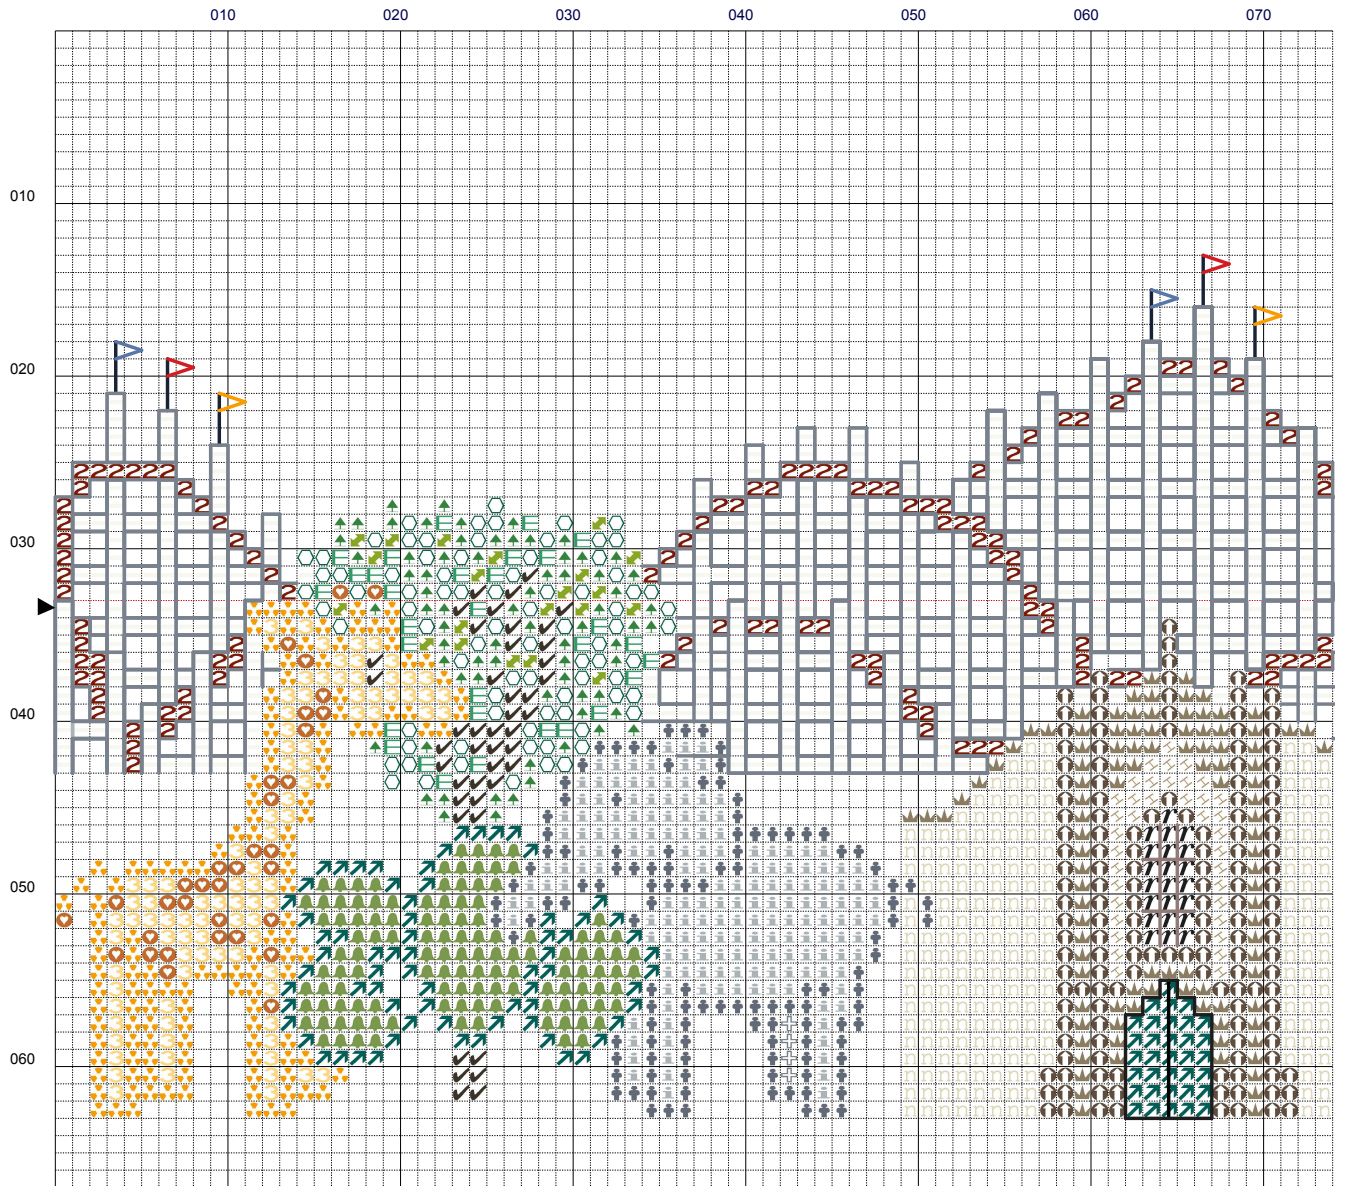

It's a San Diego-themed pattern that you can stitch to commemorate your favorite city. You can stitch it either for the sake of "San Diego," alone, or as a background for your custom Stitch People family portrait!

If you'd like to include your family in the portrait, you can use the sample family in the second pattern as a reference and use your creativity to make necessary adjustments. Alternately, you can purchase our "Do-It-Yourself Stitch People" book online at stitchpeople.com for hundreds of templates and patterns, and detailed instructions.

I want to also encourage you to get creative with this San Diego pattern. If you feel other colors would make your pattern "pop" or express your creativity better - then use those colors by all means.
