I am a 29-year-old stay at home mom to 3 little boys and wife of 8 1/2 years to a mechanic! When I'm not homeschooling my oldest, or doing motherly/wifey things, I enjoy to stitch (helps relieve all the stress. LOL)! I really picked it back up this year (2022) after I found Stitch People. It took me awhile to figure out if I wanted to submit a pattern or not. Didn't have any ideas jumping out at me. That is, until our last Sip & Stitch meeting when I mentioned my dad's Christmas gift and including a cardinal to represent my mom who passed away 4 1/2 years ago from cancer.

It still didn't hit me until a few days later while talking to a fellow stitcher, discussing if we were going to submit a design, and then BAM. This one came into existence. On my sample stitch, I did a french knot, 1 strand wrapped twice for the eye. And a 3/4 stitch for the beak. Hard to replicate that in the program I used.
