

STITCH  PEOPLE.

COMMUNITY STITCH-A-LONG

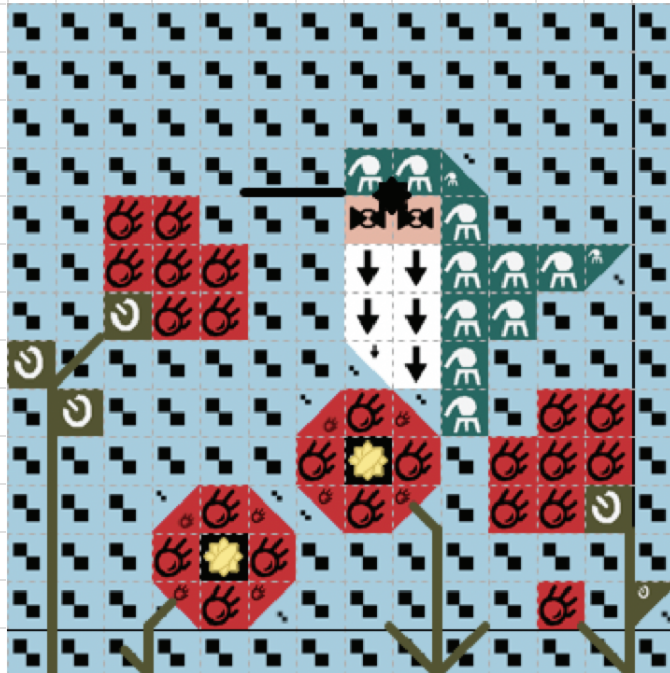

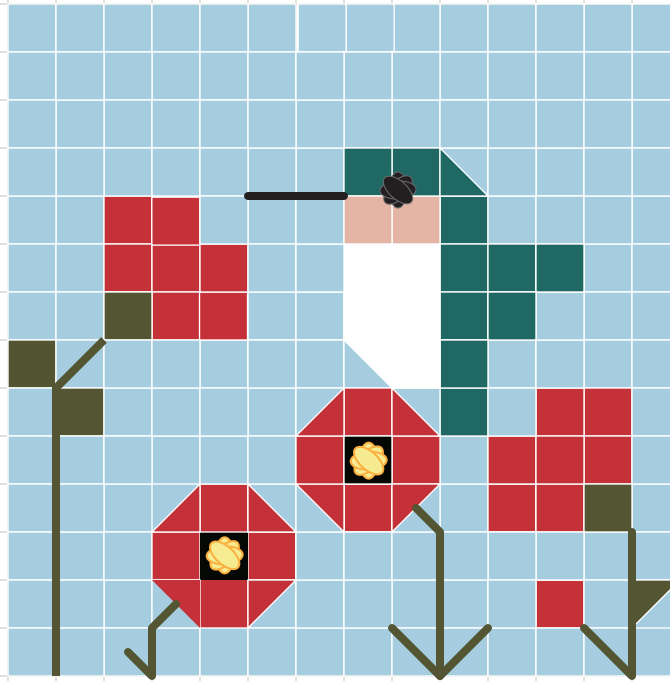

Candi McCane

I'm a Gen X stitcher with a super cute husband and a two pack of cats. Like many, I picked up cross-stitching again in 2020. I mostly enjoy small projects, so this SAL is ideal for me.

Hummingbirds are such joyful little balls of energy. They often symbolize good luck and positivity. The lesser known Eastern meanings of poppies, specifically red poppies, are success and love. May you receive all four elements in abundance as you complete this tiny scene!

PS: Shout out to my girl Viki Fratelli for the addition of the yellow centers (because accuracy matters!) and for encouraging me to submit the design to begin with, and to my fellow Stitchtastic Marauders who make this SAL all the more fun simply by being themselves.
