I really like geometric/contemporary art! So I picked favorite colors of each of family members. 2 like blue, 1 likes green, & I like purple. The yellow was just for something happy & bright. Lol! I'm a SAHM of two energy filled boys! I'm always trying to find & make time to stitch! I love that it has become an outlet for me! My husband has enjoyed seeing my work, & I have friends who love their individual gifts!
