 @Meghan Snyder

Hi! I'm a 32 year old pediatric Speech-Language Pathologist by day and hobby stitcher by night. Maybe you have already, but if you haven't heard my Stitch People podcast episode, I was interviewed on Season 1, Episode 2!

My stitch embodies my 2022: a large move from San Antonio, TX [back] to Pennsylvania, where my husband and my families both live. I stitched the Alamo raising up the Liberty Bell, signifying the big landmarks near our former and current homes, adorned with their respective state flags. I hope you enjoy stitching it as much I enjoyed designing it!
