I am a teacher and a mom and a generally busy, hectic person, and as I get older I want to slow down and focus on all the beauty around me. I have a Mary Oliver poem on my wall. "Instructions for living a life: Pay attention. Be astonished. Tell about it." I try to remember that and I wanted to stitch some astonishment that might be overlooked if you weren't paying attention. I chose a feather, but I would love to see some other things in the magnifying glass as well! I hope you like it.
