When I was 7 at school we had to design and cross stitch any pattern we wanted, I still have that piece somewhere. I did my next cross stitch when I was 12 and have never stopped since and I'm now 40. I have been married to Liam for 13½ years and we've been together 20 years. We have a Border Terrier called Blue. Moved house January last year and have been renovating since so not doing as much cross stitch that I'd like to. My favourite mythical creature is a Mermaid, so I had to choose her as my design. I hope you like her.
