Midlothian, Texas

@ashbartlett

I am Ashley! I recently found Stitch People in 2021 and I have really enjoyed stitching gifts for others, with the help of my Stitch People book! My husband and I recently purchased our home and my favorite memory is pulling up to our new home and seeing beautiful bluebonnets around our home. My children love seeing them come up annually and every Spring they bring back that special memory of pulling up to our beautiful home, it was such an exciting time!

I tried to pick a favorite time of the year to stitch, this was difficult! I love the traditions of the winter season, the long summer days with my kids, the rainy days of spring inside, and the kickoff to holiday season in the fall. I couldn't pick just one so we got them all!
