

COMMUNITY STITCH-A-LONG

Heather Sawin
Lovell, Maine

I am a beekeeper, chicken lover, avid crafter from a long line of creative people, and Mimi to a beautiful little girl. I live in the Western Mountains of Maine with my husband in an 1822 historic home. I LOVE Christmas and especially my vintage tinsel tree with a collection of Shiny Bright glass ornaments. I even have the original color wheel that spins and casts the joyful colors of the holiday on the tree. I hope you enjoy stitching this; be sure to add lots of colorful embellishments!
