I'm 36yrs old and have been stitching since age 15. I've been married for 11yrs and have 2 children who are 9 and 15 months. I love anything arts and crafts, and have owned my own craft business for the past 13yrs. My family and I love to play video games and watch anime. In addition to art, I enjoy reading, genealogy research, and making digital templates for all sorts of things. The design choice was a hard one, but I thought the 4-star Dragonball was very fitting!
