

# POLICE UNIFORMS

BY STITCH PEOPLE

Create police uniforms for your Stitch People portraits using the above uniforms as a guide. Take a close look at the officer you're stitching, and match all of the pins, awards, badges, and emblems to floss colors in your collection - varying tones of gold, silver and gray or even sparkle or shiny metallic floss colors. Feel free to stitch small back-stitches "outside the lines" of your Aida fabric to get a badge or emblem placed just right on your police officer. French knots also come in handy when adding buttons and other pins or emblems. Use 1-2 threads of white or black floss to add lines to show lapels, collars, and definition between arms and torsos.
